JESSE S. A. PUNZALAN III

Sports Data & Video Analyst | Video Tagging | Human QA & Data Verification

0968 212 3793 | punzalanjesseiii@gmail.com | Rizal, Philippines
LinkedIn | Upwork | Sports Analysis Portfolio

PROFESSIONAL SUMMARY

Sports Data & Video Analyst with **9+ years of combined sports indexing, data processing, and quality-assurance experience**. Currently reviewing live and recorded sports footage, capturing play-by-play data, identifying players and jersey numbers, and correcting inaccurate tags before delivery. Experienced in basketball, American football, volleyball, and dodgeball workflows. Two verified five-star Upwork client reviews.

KEY SKILLS & PLATFORMS

Sports: Event tagging, play-by-play statistics, player/jersey identification, roster research, timeline indexing, video QA, AI-tag review, game-film verification

Confirmed sports platforms: Krossover, InStat, Hudl, Playback Review, Idealize, NextPlay Analytics

Data & collaboration: Excel, Google Sheets, Microsoft Office, Google Workspace, Slack, Microsoft Teams, OCR validation

PROFESSIONAL EXPERIENCE

Data Entry / Sports Analyst (Remote) — TeleworkPH | **Nov 2022 – Present**

- Review and tag live and recorded basketball, American football, and volleyball footage using platform-specific event rules and workflows.
- Process 500+ game events per session as reported in prior assignments; capture scoring, assists, rebounds, fouls, penalties, substitutions, turnovers, and other play-by-play events.
- Cross-check tags, timestamps, player identities, and footage; resolve inconsistencies before final delivery.

Freelance Sports Data & Video Analyst — Upwork | **2026 – Present**

- Track basketball statistics and season records; review American football play classification, AI-generated tags, data grids, and offensive formations.
- Tag and verify dodgeball events, player details, and live-stat outcomes according to project requirements.
- Received two 5.0/5.0 client reviews recognizing quality, accuracy, communication, and adaptability across sports.

Detection Specialist — ECAM | **May 2024 – Sept 2024**

- Monitored multiple live CCTV feeds, identified reportable events, documented findings, and escalated critical incidents.

Auditor / Key Entry Operator — IDCSI | **Apr 2019 – Oct 2022**

- Encoded approximately 200 handwritten waybill/logistics documents per day and checked source records for completeness and consistency.

Sports Indexer / Data Entry Specialist — M&M Data Processing Corp. | **Nov 2016 – Mar 2019**

- Timestamp-indexed basketball and volleyball footage and tagged game events, including assists, fouls, rebounds, and turnovers.
- Validated OCR-extracted text against original legal documents and corrected recognition errors.

EDUCATION

BS Information Technology — First Year Completed, Our Lady of Fatima University | High School Diploma — Zion Hills Christian Academy

Currently working in sports analysis. Open to remote freelance, contract, and full-time opportunities.
